Installation

1. **Measure the head.** Measure the outer diameter or tell us the make and model. We make the arc to fit.
2. **Clean the rim.** Remove soil and grass from the rim and let it dry.
3. **Glue.** Place the arc on the rim, number towards the fairway, and fix it with a two-component or another recommended outdoor adhesive. Adhesive on request.
4. **Done.** The cover stays free. The head can be serviced from above as usual.
